Late Dr. Kedar Nath Modi
(1922 - 2005)

DR. KEDAR NATH MODI FOUNDATION A GLOWING LEGACY OF EDUCATION SPANNING OVER EIGHT DECADES

Behind the establishment of the Dr. K. N. Modi University are the seeds of caring and social service sown by one of India's distinguished sons. Late Dr. Kedar Nath Modi (1922-2005), leading industrialist and philanthropist, who set up the foundation that continues to carry on his work of promoting education, establishing community welfare facilities, and even supporting the needy and less privileged.

For Eighty Three years, this torch of commitment has been burning brightly and spreading the light of knowledge everywhere. Under Dr. K. N. Modi's guidance, an entire movement towards providing quality academic and professional learning took root starting with the setting up of the first school in Modinagar in 1942.

Today, the Foundation is proud to offer a network of 26 campuses, spread across 250+ acres at Modinagar near Delhi and at NCR Campus, Modinagar, Ghaziabad, UP. These are home to 38,000 students enrolled in various courses, including 75+ Courses under various professional disciplines.

It was, Late Dr. K. N. Modi's dream to provide the most contemporary education, blended with the inculcation of traditional Indian values. For him, the country's true progress

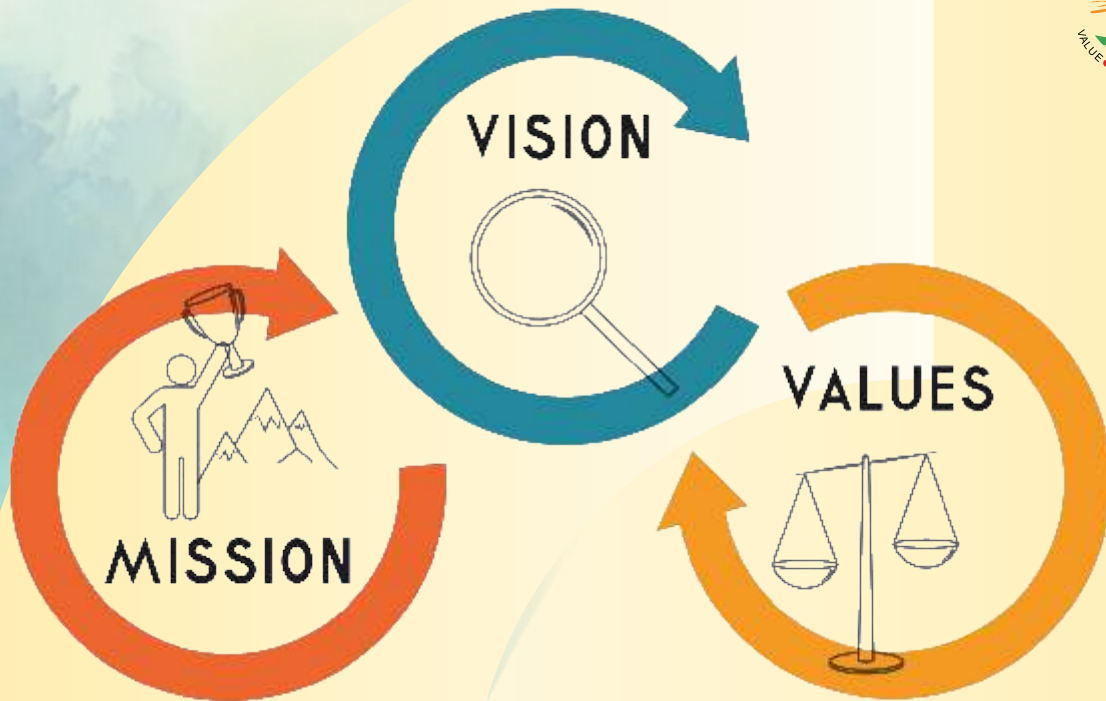

and identity lay only in the appreciation of modern learning against the backdrop of Indian thought & culture.

As Chairman of Modi Enterprises, one of India's largest industrial conglomerates, Late Dr. K. N. Modi also held eminent positions in the national business associations as well as apex bodies instituted by the Government.

Notable among these were the President, Indian National Committee of the International Chamber of Commerce; President, FICCI, and President, Indian Council of Arbitration. He was also appointed as Member, National Labour Advisory Council on Trade, Iron & Steel, Advisory Council on Trade & Board of Technical Studies. Late Dr. K. N. Modi further represented the Government in joint ventures between India and France as well as UK. He was also invited by the Government to be a consultant on innumerable committees.

More importantly, Late Dr. K. N. Modi complemented his exemplary business success with an inspiring commitment to serve society. Even while in office, he undertook generous social service measures: like providing employment to over 45,000 people in five different towns, providing housing for 8,000 workers, and initiating rural development projects in UP, Rajasthan, MP and Punjab.

*"Our Innovative approach to teaching and learning
stands as model for institutions Nationwide"*

VISION

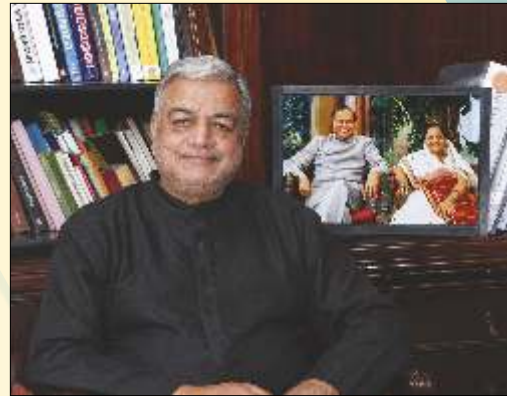

To emerge as most preferred university with global recognition producing socially sensitive professionals by providing quality education, excellence in research, innovation, entrepreneurship.

CORE VALUES

- **Integrity:** Uphold the highest ethical standards and promote respect: Honor our commitments to ourselves and to those who we serve.
- **Human Dignity:** Respecting: Treating fairly and being inclusive.
- **Empathy:** Exhibiting sensibility to others plight: exhibit solidarity through action.
- **Compassion:** bringing humanity to work.

MISSION

- To offer programs, courses and to design curriculum to maintain industry standards, national policies and global standards.
- To provide world class infra and conducive environment for education of modern times and in the futuristic and emerging frontier areas of knowledge, learning, research, innovation and entrepreneurship.
- To promote the overall personality development of students by cultivating leadership qualities, ethical conduct, human values, and respect for cultural diversity.
- To ensure meeting the aspirations of students through student centric learning with an atmosphere of co-curricular & extra-curricular activities.
- To establish strategic relationships with corporates & universities at national & International levels for academic & research collaborations.
- To contribute through Institutional social responsibility activities for a healthy and sustainable society.

Dr. D. K. Modi

B. Tech(Chem. Engg.)

M. A. (Eco), MBA, PhD, D. Litt.

My parents vision, beliefs , deeds and activities were all pervasive and wholesome. They not only contributed to the growth of Modi Enterprises but operated in larger context of wholesome development of Industry nationally, internationally besides promoting social welfare, culture, sports, research, rural development, education and social development of people. As such it would be formidable to narrate their belief, visions, deeds etc in totality but as a mark of homage to both of them, emulating remembrance and above all to gain insight about a great humanists.

I welcome you to the Dr. K. N. Modi University, an institution that we have conceived as a landmark centre of higher learning. Indeed, our intention has been to create a university that will truly set standards in academic and technical education and become a benchmark institution in its category in the region.

Towards this, we have taken every step necessary to develop the finest infrastructure, ranging from state-of-the-art classrooms and laboratories, comfortable hostels and residential quarters, well experienced, research oriented faculty and creative excellent network with leading Industry premier Institutions and Government.

I invite you to join The University and experience the difference for yourself.

I look forward to welcoming you to our vibrant family.

Best Wishes

Dr. D.K.Modi

“ Education is not the
answer to the question

Education is the means to
the answer to all questions **”**

Prof. (Dr.) P. N. Hrisheekesha
B.E., M.Tech., Ph.D. (IIT Roorkee)
Vice Chancellor

Message from the Vice Chancellor

It gives me immense pleasure to welcome you to Dr. K. N. Modi University, NCR Campus, Modinagar, a vibrant center of knowledge, innovation, and holistic development. Our university has been established with a vision to nurture talent, foster creativity, and prepare individuals to face the challenges of a rapidly changing world with confidence and competence.

At Dr. K. N. Modi University, we believe that education is not confined to classrooms—it is a continuous journey of exploration, critical thinking, and personal growth. Our dedicated faculty members, with their wealth of experience and commitment, provide not just academic instruction but also mentorship and guidance that inspire students to realize their full potential.

The University has the mission of nurturing intellectual curiosity, professional competence, and ethical values that prepare individuals to meet global challenges with confidence and integrity.

We are equally committed to building a research-oriented ecosystem, encouraging interdisciplinary learning, industry collaboration, and global exposure. The university is designed to be a place where curiosity meets opportunity, and where ideas are transformed into actions for the betterment of society.

To our students, I extend my heartfelt best wishes. May your years here be filled with learning, discovery, and meaningful experiences. To our faculty and staff, I express deep appreciation for your tireless efforts in shaping this institution into a vibrant center of learning and excellence.

Together, let us uphold the values of integrity, inclusivity, and innovation as we strive to make Dr. K. N. Modi University a beacon of knowledge and a catalyst for positive change.

**DR. K.N. MODI
UNIVERSITY**

Infrastructure & Technology

Dr. K. N. Modi University, Modinagar, Ghaziabad, Uttar Pradesh, is established under the provisions of the **Uttar Pradesh Private Universities (Second Amendment) Act, 2025**. The University is empowered to confer and award degrees in accordance with **Section 22 of the University Grants Commission (UGC) Act, 1956**, and the Regulations framed thereunder. The University is recognized by the **University Grants Commission (UGC) under Section 2(f) of the UGC Act, 1956**.

Our campus blends modern architecture with cutting-edge technology. From smart classrooms and high-speed campus-wide Wi-Fi to advanced laboratories and digital libraries, every facility is designed to create an engaging, future-ready learning environment.

At Dr. K.N. Modi University, we believe innovation starts with the right environment. Our infrastructure supports creativity and discovery: technologically enhanced lecture halls, collaborative co-working spaces, virtual labs, and secure data centers ensure students are prepared for the industries of tomorrow.

The University envisages not only, adoption of state-of-art teaching by experienced faculty, and a research-focused curriculum, but also, to impart training to cultivate skill-sets in

line with industry requirements. This will go a long way to bridge the gap between demand and supply of skilled personnel.

With the focus on changing trends and emerging academic areas, Dr. K. N. Modi University has been rapidly adding newer courses and curriculum from time to time. However, each program is designed to match international standards of quality, and deliver unmatched, value-based education. Our objective is to enable every student to have a great and

successful career, thanks to learning that is strongly industry-linked and highly technology-driven.

All programs cover the latest technological developments for a head-start in today's competitive job market. Synchronous learning technology brings students in every classroom face-to-face with professors and industry leaders from across the world. This runs on web connectivity. Extensive computing facilities are available. Online software, seamlessly integrates administration, education delivery and assessments, to improve convenience, compress cycle-time of administrative processes and reduce paperwork across the learning cycle.

The University, has an excellent library with numerous books, periodicals and journals, both National and International. It has automated Library Management System. New edition of books are added regularly.

Computer Labs are fully air-conditioned with excellent bandwidth of internet for fast and uninterrupted connectivity.

All labs are well equipped with latest equipments. The provision for smart card for students and faculty is in place. University has biometric attendance system for faculty and through hand held device for students.

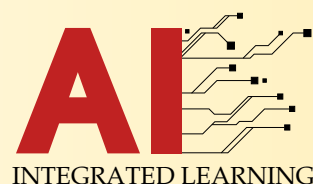

An application **“EduMarshal”** a fully digitalized ERP system acts as a medium by which parents can keep a track of their ward's activities in the university, can communicate with the university and vice versa. Parents can check attendance of their ward, Marks in Exam, growth in Personality Development Programm, Health Record, Co-curricular activities, Participation and Performance in the class, Messages from faculty. The Student can have access to such information through website. Any information can be sent to students or parents by way of SMS. CCTVs are installed across the university campus for 24 hours surveillance and security.

Set of skills and knowledge are the driving forces for the growth of an individual. Skills can be divided into two categories- hard skills and soft skills. Hard skills are the ones that we learn with our academics, are some set job traits etc. Soft skills are a set of certain personality traits that we acquire in the right environment with right training and guidance to all eligible students. Students get a job because of their right attitude (an important aspect of soft skills). A lot of students can't retain their jobs because they have soft skills missing. They become a misfit in the corporate world. And this is where, training becomes useful. Understanding industry requirements and equipping students with the knowledge, skills, and competencies needed to excel in the global environment is our primary objective.

Without soft skills, a person is not a complete man. It's like being rich and yet illiterate. Without soft skills, a person is like an uncut and unpolished diamond. This is the reason why Dr. K. N. Modi University has incorporated Soft Skills training into its curriculum.

The Edge for Industry program bridges the gap between academic learning and real-world application. Designed in collaboration with leading companies, it equips students with industry-relevant skills through advanced coursework, live projects, and expert mentorship. Participants gain hands-on experience with the latest technologies, build professional networks, and graduate with a competitive advantage for internships and full-time roles. By aligning curriculum with market needs, the program ensures graduates are ready to make an immediate impact in their chosen fields.

IIT ROPAR

**A SIGNIFICANT STEP TOWARDS
ADVANCING ARTIFICIAL
INTELLIGENCE (AI), CYBER-PHYSICAL
SYSTEMS (CPS), AND
ENTREPRENEURSHIP THROUGH:**

- Two institutions, one vision: Innovation, Excellence, Impact.
- Together, we aim to foster innovation, empower talent, and create real-world impact in emerging technologies.
- AI Minor Program tailored to industry and academia.
- Establishment of a state-of-the-art CPS Lab.
- Startup ecosystem support with incubation, funding & mentorship.
- Student & faculty exchange programs for skill development and research collaboration.

HARVARD BUSINESS IMPACT

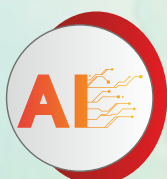

Dr. K.N. Modi University, Modinagar, Ghaziabad has signed a significant Memorandum of Understanding (MoU) with Harvard Business Impact to promote academic excellence and strengthen globally relevant management education.

- Under this collaboration, the MBA program curriculum will be supported by Harvard Business Impact.
- Students will have the opportunity to earn 12 Harvard Business Impact certificates within one year, helping them develop the skills required to thrive in the modern workforce.
- The program follows a self-paced learning model, allowing students to learn at their own convenience while their progress is monitored and recognized.
- This initiative is designed to equip students with the latest ideas in leadership and management and prepare them to address critical business challenges.

- Promoted by Dr. Kedar Nath Modi Institute of Pharmaceutical Education and Research Trust & Dr. K.N. Modi Foundation that has more than Eight decades of rich experience and reputation in academic and industries.
- Strong team of academicians and experienced people from industry.
- Focused on research in academic and Industry.
- Affordable fees for all programmes.
- Focus on changing trends and emerging academic areas as per National & International standards.
- Latest courses and updated curriculum as per National, International and requirement of Industry & research standards.
- An innovative learning ecosystem supported by AI-based educational platforms, smart digital classrooms, multimedia-enabled pedagogy, and state-of-the-art laboratories across all faculties.
- The University ensures a safe, secure, and student-centric campus through 24×7 CCTV surveillance, security services, medical and psychological support, emergency ambulance facilities, courier services, cafeteria, and a daily-needs convenience store.

- Lively and technology-enabled classrooms ambience enhanced by robust campus-wide network connectivity, ensuring round-the-clock access to the University's digital learning resources and online services.
- Fully equipped cyber and central library with numerous books covering almost all the topics.
- On Campus separate hostels for Girls & Boys National & International students and have Messes (Veg / Non-Veg) with well equipped to serve fresh and hygienic food.
- Scholarship available for meritorious (as per prescribed parameters) students.
- The University has a sport complex comprising Cricket ground, Hockey ground, Football ground, Volleyball ground, Badminton (Indoor/Outdoor), Table Tennis and Basketball Court, Lawn Tennis, Gymnasium (separate for Boys and Girls).
- Well equipped air conditioning theatre and auditorium with latest equipment.
- 'No Ragging Policy' under UGC norms.
- Industry interactive sessions, workshops, seminars, conferences, symposiums, webinars and quizzes are the part of the teaching methodology.
- Comprehensive digital administrative services, including online fee payment and electronic transaction facilities.
- Assistance to avail bank loan and Government sponsored scholarship scheme for eligible students.
- University has a unique counseling mentor system for the students through experience faculty member and external expertise on regular basis.
- University offers the value added courses in free of cost to the successive students.
- Implemented Choice Based Credit System (CBCS) and open elective in curriculum.
- Marching towards implementation of New Education Policy (NEP) 2020.
- International Exposure.
- Ample opportunities have given to students for research, innovation & project.
- Career Oriented Training and Placement.
- Industry Oriented and Skill Development Courses.
- Free Uniform to the Students.*

Collaboration with Havard Impact

Cornerstones of The University's Philosophy

The Industry Connection

We believe very strongly that education is a means to reach the destination of a successful career. It should be productive both for the employees and the employers. Such relevant learning will empower the students with employability skills and be immediately useful for the employer. Our alumni are virtually 'ready to join' on graduation.

To ensure such results the University :

- Has framed the syllabi of all the courses entwined inseparably with the requirements of the industry.
- Invites Senior industry professionals as Visiting and Mentor faculty.
- Involves students in industry-sponsored research.
- Provides hands-on training on live industry projects.

The University has forged linkage with many top notch industries like IBM, JBM, Certification Program Skill Development and many more. Thus the facilities of large corporate are offered for real-time interaction and also summer and final placement. The strong Alumni 1.25 Lac+ of Dr. Kedar Nath Modi Foundation is extending all support with open arms to the University and its students.

An Initiative of
Uttar Pradesh Govt. & Govt. of India

The Technology EDGE

Next-Gen digital technology drives everything at the University. This includes Content Development, Teaching-learning Pedagogy, Evaluation & Testing and even University Management.

The University leverages the EduMarshal ERP platform to enable integrated digital governance by automating academic, administrative, financial, human resource, examination, and asset management processes. The system facilitates real-time monitoring, workflow automation, analytics-driven decision-making, role-based access, and paperless administration, thereby enhancing institutional efficiency, transparency, and service delivery across all departments.

It is a known fact that over the past decade, career opportunities have increased dramatically owing to strong economic

growth. Despite this, a large number of fresh graduates fail to find suitable employment as they are unable to meet the skill and productivity level expected by the industry. This skill gap is a combination of lack of technical skills as well as personality and communication skills. While the university curriculum imparts great conceptual grounding, there keeps emerging a need for industry readiness through skill upgrade on new technologies as well as communication skills and personality development.

As per a NASSCOM study only 20% of total fresh engineers are employable due to lack of technical skills as well as communication skills.

- EDGE makes our students Industry ready.
- EDGE improves our students employability.
- EDGE provides our students more employment opportunities.
- EDGE makes our students eligible to appear for International Certification.

A dedicated Industry-Connect Cell coordinates with leading organizations across industries for providing industry exposure along with appropriate career opportunities.

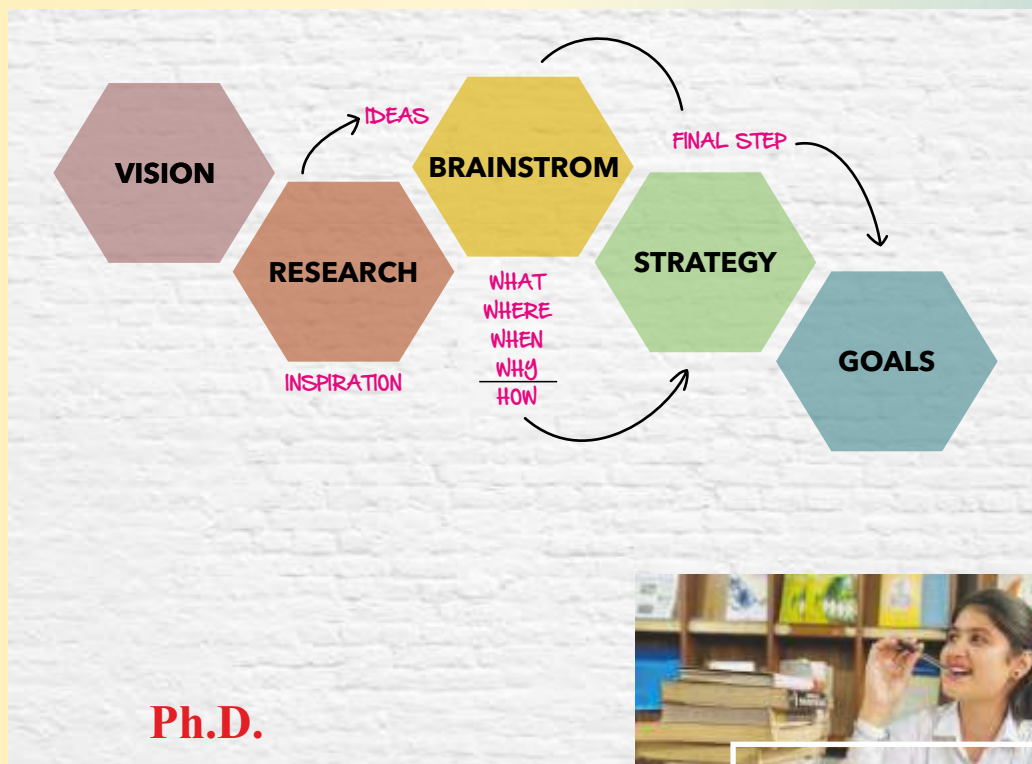

Life Long Learners

True education is instilling in the student a strong desire 'to learn for a lifetime'. Education must also contribute towards the building of character and personality. It must play a role in developing individuals who display maturity, understanding and responsibility. It must shape students with a caring bent of mind, who can go on to become worthy citizens of the country.

This is why at Dr. K. N. Modi University, the focus is on creating a comprehensive and balanced learning environment geared towards holistic development; an environment which bridges the gap between theoretical knowledge and practical application skills; where appreciation for academic brilliance is matched by the applause for creative excellence.

The University offers students a unique option of "customizing" their individual curriculum. This means that apart from a set of stipulated classroom inputs, the student has the freedom to choose a part of the 'course' from a variety of 'subjects' other than their regular stream. These include disciplines like the Arts, Sports, Community Services, Basic Sciences, Mathematics, Humanities, Languages and many more. This is deliberately intended to encourage students to have open minds receptive to new knowledge & ideas, and ensure a more holistic development of their personality.

Research, Innovation, Entrepreneurship & Ph.D.

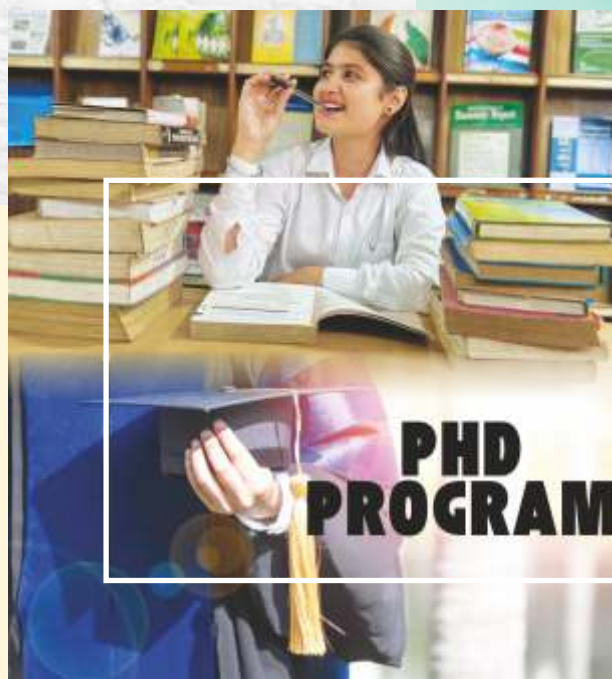

The University is offering Ph.D. Doctoral Program approved by University Grants Commission (UGC).

Advantage

Center of Excellence

The University's Center of Excellence serves as a hub for advanced learning, research, and innovation. It brings together expert faculty, industry leaders, and motivated students to collaborate on cutting-edge projects and transformative ideas. Equipped with state-of-the-art facilities and supported by interdisciplinary programs, the Center nurtures talent, drives impactful research, and promotes real-world problem solving. Through workshops, industry partnerships, and community engagement, it prepares students to become leaders and innovators in their chosen fields.

Innovation at Our University

At our university, innovation is at the heart of everything we do. We foster a culture where curiosity meets creativity, encouraging students and faculty to explore new ideas, challenge conventional thinking, and develop solutions that address real-world problems. Through state-of-the-art laboratories, collaborative research programs, and industry partnerships, we provide an ecosystem that nurtures entrepreneurial spirit and technological advancement.

Our commitment to innovation empowers our community to not only adapt to the changing global landscape but also to lead it with vision, resilience, and impact.

Dr. K. N. Modi University, believe that innovation is the heartbeat of progress and entrepreneurship is the vehicle for turning ideas into reality. Our Innovation & Entrepreneurship ecosystem empowers students to think creatively, act boldly, and transform challenges into opportunities.

- **Identify Opportunities:** Recognize gaps in markets and society that can be transformed into impactful solutions.
- **Develop Critical Skills:** Gain hands-on experience in problem-solving, design thinking, and strategic decision-making.
- **Launch Ventures:** Transform ideas into startups with the support of mentorship, incubation, and access to funding.
- **Entrepreneurship Labs:** Dedicated spaces where students prototype ideas, test business models, and collaborate with peers.
- **Startup Incubation & Acceleration:** Comprehensive support for early-stage ventures including mentoring, seed funding, and networking with industry leaders.
- **Innovation Challenges & Hackathons:** Competitions designed to foster creativity, collaboration, and practical problem-solving skills.
- **Industry Partnerships:** Collaborations with leading companies and startups provide exposure to real-world challenges and business insights.
- **Workshops & Mentorship:** Sessions by successful entrepreneurs, innovators, and thought leaders that guide students through the entrepreneurial journey.

Entrepreneurship is the driving force behind innovation, economic growth, and societal transformation. At our university, we foster an entrepreneurial mindset that encourages creativity, resilience, and problem-solving. Students are empowered to identify opportunities, develop sustainable business ideas, and turn them into impactful ventures. Through a combination of hands-on projects, mentorship from industry leaders, and access to incubation facilities, we prepare future entrepreneurs to navigate challenges, embrace risks, and contribute meaningfully to the global economy. Our goal is not just to create businesses, but to nurture visionary leaders who can shape the future with innovation and purpose.

International University Tie-ups

Our international tie-ups open doors to global education, research collaborations, and student exchange programs. At Dr. K. N. Modi University, we are committed to preparing the next generation of business leaders for a rapidly evolving global economy. Our Global Business Initiative (GBI) provides students with unique opportunities to gain international exposure, develop cross-cultural competencies, and acquire the skills necessary to thrive in a competitive global marketplace.

Ph.D. Admission Eligibility, Duration and Selection Process

1. Eligibility for Admission

The following candidates are eligible for admission to the Ph.D. Programme:

1.1 Master's Degree Holders

Candidates who have completed:

- A 1-year/2-semester Master's Degree after a 4-year/8-semester Bachelor's Degree; or
- A 2-year/4-semester Master's Degree after a 3-year Bachelor's Degree; or
- An equivalent qualification recognized by the concerned statutory regulatory body,

*with at least **55% marks in aggregate** or an equivalent grade, shall be eligible for admission. A relaxation of **5% marks** shall be provided to candidates belonging to **SC/ST/OBC (Non-Creamy Layer)/EWS/Differently-Abled categories** as per UGC and Government norms.*

1.2 M.Phil. Degree Holders

Candidates who have completed the M.Phil. Programme with at least **55% marks** in aggregate or an equivalent grade shall also be eligible for admission to the Ph.D. Programme.

2. Duration of the Programme

- Minimum duration: **3 years**, including coursework.
- Maximum duration: **6 years** from the date of admission.
- An extension of up to **2 years** may be granted through re-registration, subject to University regulations, making the maximum permissible duration **8 years**.
- Female scholars and Persons with Disabilities (more than 40% disability) may be granted an additional relaxation of **2 years**, subject to a maximum duration of **10 years**.
- Female Ph.D. Scholars may avail **Maternity Leave/Child Care Leave up to 240 days** during the entire programme.

3. Admission Process

3.1 Ph.D. Entrance Test

Admission may be made through a University Entrance Test comprising:

- 50% Research Methodology
- 50% Subject-Specific Content

*Candidates securing **50% marks** in the Entrance Test shall be eligible for the Interview/Viva-Voce. A relaxation of **5% marks** shall be provided to candidates belonging to **SC/ST/OBC (Non-Creamy Layer)/EWS/Differently-Abled categories**.*

3.2 Selection Criteria

For candidates appearing in the University Entrance Test, the final merit shall be based on:

- Entrance Test: **70% weightage**
- Interview/Viva-Voce: **30% weightage**

3.3 Admission through National-Level Tests

Candidates qualified in **UGC-NET (including JRF)**, **UGC-CSIR NET**, **GATE**, **CEED**, or any other equivalent examination recognized by the UGC may be exempted from the University Entrance Test and considered for admission through the prescribed selection process, including Interview/Viva-Voce.

3.4 Interview/Viva-Voce

The Interview/Viva-Voce shall evaluate the candidate's:

- Research aptitude and competence;
- Subject knowledge and research preparedness;
- Understanding of the proposed research area;
- Potential for independent research; and
- Suitability of the proposed research with the University's available expertise and facilities.

Final admission shall be based on the candidate's performance in the prescribed selection process, availability of supervisors, and research facilities in the concerned discipline.

GENERAL RULES AND REGULATIONS

- **Opening Hours:** 9:00 A.M. to 5:00 P.M.
- **Campus Entry/Exit:** Students are expected to arrive by 9:00 A.M. and remain engaged in academic activities until 5:00 P.M. Flexibility may be granted for genuine reasons with prior permission.
- **Parking Facility:** Designated parking spaces are available near the main gate for personal vehicles of students, faculty, staff, and visitors, ensuring safe and organized parking within the campus.
- **Submission of Certificates:** Students must submit self-attested copies of required documents (Marksheets, Pass Certificates of Class X, XII, Graduation, Conduct Certificate, Transfer/Migration Certificate, Domicile Certificate, Caste Certificate, Gap Certificate, etc.). Originals may be verified at admission but will be returned immediately.
- **Attendance:** A student shall be eligible to appear in the End-Semester Examination (ESE) only after fulfilling the minimum attendance Criteria of 75% (80% for Pharmacy related programs) requirement as prescribed by University. Attendance shortage may be made good through additional/remedial classes, wherever permissible, and condonation of attendance, in genuine cases, may be considered by the Competent Authority or the Committee constituted by the University. A student who fails to fulfil the prescribed attendance requirement shall not be permitted to appear in the End-Semester Examination (ESE).
- **Fee Payment:** Semester fees must be deposited on or before the due date. A reasonable late fee may apply for delays.
- **Requisition Letters:** Applications for certificates (Expenditure Certificate, Permission for Industrial Visit, authorized absence, leave letters) should be routed through the concerned Coordinator/Head of Department.
- **Bonafide Certificates & Scholarships:** Applications for Bonafide certificates and University/Trust scholarships should be addressed to the Registrar. Permission for external projects or in-plant training will be issued by the Head of Department or Training & Placement Officer.
- **Dress Code:** Students should be neatly dressed during classes and labs. Uniforms may be prescribed for specific professional courses. Personal grooming choices (such as hairstyle or beard) are respected, provided they do not interfere with safety or discipline.
- **Identity Card:** All students must wear their University-issued Identity Card within the campus.
- **Counselor/Mentor System:** Each group of students will be assigned a Counselor/Mentor to monitor academic progress and serve as the primary contact for parents/guardians.
- **Change of Address:** Parents/guardians should inform the Counselor /Mentor of any change in residential address. Day scholars using University transport must update their boarding point in their ID card.
- **Industrial Visits:** Industrial visits will be arranged during the course of study. Attendance in these visits is strongly encouraged for practical exposure.

ADMISSION PROCEDURE

Registration Process

- It is mandatory for all newly admitted students to complete their registration immediately after securing admission to the University.
- A change of programme/course is permitted within 15 days from the commencement of the semester, subject to the approval of the Registrar and fulfilment of the prescribed conditions.
- Registration is carried out through the Admission Office, where students are required to submit all admission documents and original certificates/credentials for verification.
- Upon successful registration, each student is allotted a unique Enrollment Number, which serves as the student's permanent identification number throughout their association with the University.
- Students are required to deposit the prescribed admission fee, tuition fee, hostel fee (if applicable), and other charges at the Accounts Office.

Identity Card (I-Card)

The University Identity Card is issued by the Admission Office. Students are required to submit a recent passport-size photograph and details of their blood group for the issuance of the I-Card. Possession of a valid Identity Card is mandatory at all times within the University campus. Students must produce the I-Card whenever requested by University authorities.

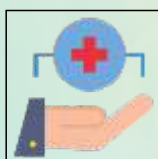

Hostel Allotment

Hostel accommodation is allotted through the Office of the Registrar, subject to availability. Payment of the prescribed hostel fee and submission of the hostel fee receipt are mandatory for room allotment. After verification of documents and fee payment, the Hostel Superintendent facilitates the student's occupancy of the allotted room.

Welcome and Induction Programme

The University organizes an Induction Programme to help newly admitted students smoothly transition into campus life and become familiar with the academic environment, facilities, and University culture. Interactive sessions with faculty members, administrative staff, and senior students are conducted to address queries and ease any apprehensions. Freshers are warmly welcomed by their respective departments, fostering a sense of belonging and encouraging meaningful engagement within the University community.

HOSTEL Feel at Home

All courses run at the University are fully residential, except for day scholars. As a result, this gives students an opportunity to concentrate uninterruptedly on extremely intensive programmes, which in any case demand high level of involvement and attention. This is made possible by providing a campus environment which works as a stimulating extension of the classroom, and encourages students to continue learning process beyond lecture theatre and laboratories. For this, there are separate hostel for girls and boys with wardens. All rooms are well ventilated, secure, spacious and comfortable for stay. A separate study section is also provided on each floor backed by modern living facilities.

A modern cafeteria, mess with dining halls for students to sit and eat their meals have been made. Reverse Osmosis system has been installed for pure drinking water round the clock.

Solar heaters have been installed for provision of hot water in all hostels. 24 hours housekeeping, laundry services, on campus retail outlet offering provisions & articles of daily needs & photocopier are a few of our salient features. ATM counter has been set up for the benefit of students. Courier Service from the campus is also available. Adequate medical facilities are provided on the campus. Convenient transport services are available.

- AC and without AC with Attached Washroom and with Common Washroom (₹65,000 to ₹1,10,000)*
